NFPA 720 Carbon Monoxide Detection	2015
NFPA National Fire Alarm Code	2013
NFPA 13, 13R Sprinkler Systems	2013
International Swimming Pool & Spa Code	2015

PERMIT APPLICATIONS

Permit application packages that are incomplete when submitted will not be protected from any of the following changes:

- Code update adoptions
- Fee schedule changes
- Department policy changes

Applications for building permits may not be reviewed until all required/pertinent documents have been submitted. Permits are reviewed on a first in first out bases without exception; all reviews will be turned around in a reasonable time. Incomplete applications will delay the process while the code reviewer requests additional information.

FEE PAYMENTS

Permit fees are not due until such time as the permit is issued. The department will notify the applicant when the permit is ready for issuance and the actual permit fee amount.

Ordinary repairs do not require a permit - Ordinary repairs are nonstructural repairs and DO NOT include addition to, alteration of, or replacement or relocation of water supply, sewer, drainage, drain leader, gas, soil, waste, vent or similar piping, electrical wiring, or mechanical or other work for which a permit is required by the building official.

FEE SCHEDULE

Use group (new construction, additions, alterations)

Minimum for any below		Min \$50.00

Agricultural Buildings		.30 sq. ft
• Fences (if permit required)		Min \$50.00

INSPECTION POLICY

NO WORK IS TO BE CONCEALED UNTIL INSPECTED AND PERMISSION GIVEN TO PROCEED

1. Call for inspections before 12:00pm the 24-48 hours before you want the inspection. All requests should be made during regular business hours by calling 654-2176.
2. Inspections are scheduled according to location in order to allow the inspector to establish the most efficient route each day. However, we will attempt to meet requests for specific inspection times, as schedules allow.
3. All work for which an inspection is being requested should be complete and ready for inspection during normal inspection hours on the date of the requested inspection. If at the time the inspector arrives, the work is not ready for inspection there may be up to a 48 hour delay before another inspection can be scheduled.

Re-Inspections

Failure of an initial inspection will result in a re-inspection fee for each inspection required to insure compliance if the inspection cannot be performed at the next required inspection. \$50.00

NOTE: The inspections listed below shall not limit the type or frequencies of inspections that this department may deem to be prudent to ensure complete code compliance.

Calculation Fees

Fees are based on square footage, total of all floors. Calculated square area upon which fee is based shall be the sum of all the gross horizontal areas of all floors of the building and including cellars, basements and useable parts of attics; except that in dwelling house, attic floors shall not be included in the calculation unless they are used for habitable rooms.

All horizontal dimensions shall be taken from the exterior face of walls.

Foundation Only Permits

This fee is over and above the regular building permit fee if a full building permit is not secured within 30 days from the date the foundation permit is issued.

Residential (R-3)	\$50.00/unit
All other Use Groups	\$100.00/building
